

Node

The diagram shows a light blue rectangular area representing a 'Node'. Inside this area, there are two rectangular boxes. On the left is a tall, white box with a black border, labeled 'Pod A'. On the right is a smaller, light gray box with a black border, labeled 'Pod B'. A thick black diagonal line runs from the top-left corner to the bottom-right corner of the 'Pod B' box, indicating it is inactive or deleted.

Pod A
